Fan club

Parola d'ordine: appartenenza. A club, fan club, tifoserie. Arriva un'invasione di scarpe e cappellini delle più seguite squadre internazionali. Da reinterpretare in versione casual hooligans, prendendo ispirazione da colori sociali e slogan da stadio, stemmi e gagliardetti: ma aldilà di ogni appartenenza!

what you need/ supporter gear

The key word is belonging. To a fan club. There's an invasion of scarves and hats from the most popular international teams. To be reinterpreted in a "casual hooligan" way, taking inspiration from team colors, stadium slogans, crests and pennants: regardless of the team you support!
